2024 APPEEC
Innovative Technologies Drive Low-Carbon, Sustainable, And Flexible Energy Systems

Partner Engagement Prospectus

25–27 October 2024, Nanjing, China

Hoster or Sponsor:
Organizer: IEEE PES Society

Co-organizer:
Hohai University
State Grid Jiangsu Electrical Power Co., LTD
IEEE PES Nanjing Chapter
The upcoming 2024 IEEE PES 16th Asia-Pacific Power and Energy Engineering Conference (APPEEC 2024), slated for October 25th–27th in Nanjing, China, organized by Hohai University and co-sponsored by State Grid Jiangsu Electrical Power Co., LTD, and IEEE PES Nanjing Chapter, is poised to be a pivotal event in the realm of power and energy.

APPEEC 2024 anticipates a substantial international presence, drawing professionals and researchers from around the globe. With a diverse range of topics encompassing planning, operation, control, and modeling of power and energy systems, the conference is tailored to attract a broad spectrum of participants.

The conference serves as a knowledge-sharing platform, bridging the gap between academia and industry. Renowned experts from both the academic and industrial sectors are expected to deliver keynote speeches, adding depth and insight to discussions. The inclusion of tutorials further enhances the professional development opportunities for attendees.
As the flagship event of IEEE PES R10, APPEEC 2024 is poised to have a substantial impact on the power and energy sector. Its proceedings, hosted on the IEEE Xplore website and indexed by EI, will contribute to global research dissemination. The conference’s collaboration with reputable journals and media outlets is expected to amplify its social influence and extend its reach.

Recognized Impacts

Distinguished experts and scholars from the power and energy field are set to contribute as guest speakers, enhancing the conference’s academic richness and providing valuable perspectives on emerging technologies and industry trends.

Distinguished Experts and Scholars

The conference’s collaboration with State Grid Jiangsu Electrical Power Co., LTD, and IEEE PES Nanjing Chapter highlights its commitment to professional engagement, ensuring a seamless integration of industry insights with academic discourse.

Professional Engagement

APPEEC 2024 aims to foster collaboration with a significant number of high-ranking universities. This collaboration is expected to not only attract a diverse array of students but also facilitate an environment conducive to learning and networking.

High-ranking Universities
